certain number of conferrees, who meet and name the candidate. In the case of the VIth District the place of one conferree from Delaware County was vacant when the nomination was made, and the Court holds that as that county did not have its proper representation in the conference the nomination is invalid. It is doubtful if there will be a settlement of the trouble or any regular Re-

been inclined to count upon it decidedly. The Democrats carried it regularly for years, and it was considered one of their trustworthy districts, but the trend toward the Republicans swept it from its old moorings, and it is now represented by a Republican. Mr. Brumm has been renominated, but it would not be surprising if the district should return to its old political alignment this year. The XVIII District was formerly considered a strong Democratic district, and gave candidates of that party majorities ranging from five thousand to seven thousand, but the Republican tidal waves of 1804 and 1886 ensulfed these majorities and rolled up moderate Republican majorities. There are hopes that this good fortune can be repeated this year, notwithstanding the activity of the Derocrats, but it is difficult to see on what ground the hope is based.

AN IMPARTIAL REVIEW.

VAN WYCK MAKING LITTLE CAPPTAL OUT OF THE STATE ISSUES.

From The Providence Journal (ind.).

One source of his disconsevelt's recent strength is undoubtedly alls determination to talk on State issues. Judge Van Wyck's insistence on the canal question as one of contemporary interest and importance compaled him to abandon what was apparently his earlier intention to magnify National issues at the expense of local problems. He has been handicapped, of course, in referring to the canals because it is under a Republican Administration that the alleged frauds in connection with them were committed. But when Colonel Roose-Veit says that he will do his best to bring every chall their to justice, it strikes the average voter that he means what he says. Generally spending. It might be argued that a Democratic Governor could do more in this direction than a Republican executive, provided the criminals are Republican executive, but the better of the cash argument in spite of all that the Benguette is agreessive work to be done. There can be no question that the bemocrais still have the better of the cash argument in spite of all that the Republican candidate has said or can say; but he has done much to stave off opposition to himself on this ground, while, on the other hand, his opponent has not been able to make much capital out of now other leads.

Indeed, Judge Van Wyck has been handicapped in his canvass by the apparent attempt of the State government of which he (Van Wyck) has until lately been an externed representative. If there is any portion of the public service that should be kept out of politics it is the courts, but Mr. Croker's han From The Providence Journal (Ind.).

SPEECHES-PLENTY OF ISSUES, AND HE

"Roosevelt will come to the Bronx with about the same majority that Morton did in 1894," said Chauncey M. Depew last night. Depey has been with Colonel Roosevelt all week on his campaigning trip up the State, and came back only because it was imperative for him to be in New-York. He reached here yesterday morning tired, hoarse, but enthusiastic. He spoke sixty-eight times in the course of his trip, and each time to big audiences. He

I am willing to say now when Colonel Roosevelt gets on his feet and says bluntly, in his own fearless way, 'Canals? Well, all I can say is that when this alleged wrongdoing took place I wasn't there, but if I am elected I am going to see that everything is straight in that department, and if I detect any man in wrongdoing nothing will save himpolitical power, wealth, standing and influence will have nothing to do with it. He will be punished," he carries the crowd with him. Again, Roosevelt has a wide range of topics, and he bangs ahead in a fearless fashion on National as well as State issues, and he can always make bright, telling speeches, where Van Wyck's most studious address is narrow and limited, owing to the few questions he is allowed to touch.

MR. ODELL CONFIDENT.

STATE TICKET WILL BE ELECTED.

SPLENDID EFFECT OF COLONEL ROOSEVELTS A CONFERENCE WITH CHAIRMEN OF REPUBLICAN COUNTY COMMITTEES-A TALK WITH THE

> LIEUTENANT-GOVERNOR. Work at the headquarters of the Republican State Committee, in the Fifth Avenue Hotel, was brisker than usual yesterday all day. Chairman Odell had long talks in the course of the day with forty-six of the sixty chairmen of Republican county committees. They came to the headquarters to see him in response to telegrams which he sent early in the week requestthe best information they could gef as to the situation in their counties. Most of the chairmen came from counties in which, as a rule, there are Republican majorities in the elections. Mr. Odell said last evening:

"I have found the chairmen of the Republican county committees to be clean-cut, straightforward, businesslike men, and my talks with them to-day were encouraging and entirely satisfactory. I talked with them one at a time, giving the best information and suggestions I could, and receiving from them many suggestions of value and information which shows that the Republicans up the State are doing effective work in the campaign. We went into many details of the work, such as the registration, methods of getting out the Republican vote and the steps necessary to prevent fraud As for the canals, they are anxious to have an and the corrupt use of money by the Demowithout any hesitation, for the first time since the campaign opened, that we are going to carry the State and elect the Republican ticket by a safe majority.

"I know that the Democratic managers are relying upon the use of money to carry the election by frauds, by the illegal colonization of voters in several countles and by bribing some Republican voters to stay away from the polls, but I am sure now that they will not succeed. The Republican organization in the State never was in such a spiendid condition for effective work as now, and it is making the campaign hum all over the State. the campaign hum all over the State. Some of the district organizations that seemed to lack vim a few weeks ago are very much alive to-day, and Republicans who seemed to be apathetic then are at work carnestly now.

"There are more campaign meetings being held nightly by Republicans in every part of the State than were being held in the McKinley campaign. The State Committee has nearly five hundred speakers on its list, and yet it is not able to supply the demand for speakers at the meetings. The meetings are unusually large and enthusiastic everywhere. I could give figures of probable Republican majorities, but I am not ready to let the Democratic managers know them yet. All I am willing to say now is that we are going to elect the entire Republican State ticket by a good, safe majority."

Mr. Odell has received many messages from Republican managers who have been at work and the district organizations that seemed to lack to large the young a whole folding of Spanish dumpen, of the Horner and Wampatuck, defeated a whole flourne and whole flourne and Wampatuck, defeated a whole flourne and whole flourne and Wampatuck, defeated a whole flourne and w

OFFER TO RAISE THE MAINE.

PROPOSAL TO THE NAVY DEPARTMENT BY THE ACME WRECKING COMPANY.

Washington, Oct. 28 .- The Acme Wrecking Company, of San Francisco, has made a request of the Navy Department for authority to raise the battleship Maine. The company has had experience in raising vessels on the Pacific Coast, and representaability to accomplish the task in Havana Harbor. It proposes to blow the mud from under the wreck by means of streams of water and then to pass chains under and attach them to framework connected with a system of steel barrels. Harrels will also be placed in the wreck and utilized wherever they can be made available. The company simply asks suthority to raise the Maine and bring her to this country. If the Government wants the ship after she feaches the United States the company will want salvage money, through condemnation proceedings. It is probable, in case the Government does not want the ship, that the company will exhibit it at large seacoast chies of the United States. No money is demanded from the Government. GARCIA CHOSEN CHAIRMAN.

HE SAYS THE ENTIRE REPUBLICAN HIS FACTION IN THE ASCENDANT IN THE CUBAN ASSEMBLY.

Manzanillo, Oct. 28.-According to reports from the Cuban Assembly at Santa Cruz del Sur, General Calixto Garcia has been chosen permanent chairman of the organization. General Maximo Gomez is expected there to-morrow or next day, and it appears that the Cespedes faction believes it can count upon the help of General Gomez to break the authority of Garcia. The Cespedes faction expects General Gomez to appoint a court-martial to try General Garcia for offences covering practically everything from murder to petty larceny, but the probability is that General Gomez, recoging them to meet him and to be prepared to give | rizing Garcia's ascendancy in the Assembly, will not force an issue.

> GENERAL WOOD AT MANZANILLO. RIOS TRYING TO PREVENT DISBANDMENT OF CUBAN SOLDIERS.

Manzanillo, Oct. 28.-The United States gunboa Hist arrived here this evening, having on beard General Wood, commander of the Military Department of Santiago, accompanied by Lieutenant Matthew Hanna. On landing General Wood was visited by Colonel Pettit and his adjutant, and he was subsequently received by Colonel Pettit's entire regiment, which, with the regimental band, executed a march past. General Wood then visited the barracks, hospitals, palaces, custom-house and

Colonel Pettit reports that the Cuban General Rios is apparently making every effort to prevent the disbanding of his troops. The Cuban commander wishes all the sugar estates in the neighborhood to tell him how many men they can employ, and he will guarantee to supply all required on condition that only soldiers are employed. The planters unanimously refuse to fall in with such an arrangement, considering that it would be a trades-union of the worst possible kind, and would also tend to keep up the Cuban military organization, which, in the interests of the island, the planters are particularly anxious to break up. in their opinion it would be better to have no com-merce than to attempt it on such conditions. There is practically no sickness in Colonel Pet-

tit's regiment, and yellow fever has been unknown here for several years. Manzanillo is small, com-pact and in good sanitary condition.

Lieutenant Lucien Young, the commander of the Hist, created more excitement on landing than even General Wood himself. Crowds gathered at

CHOOSING A LANDING PLACE. PREPARING FOR THE AMERICAN OCCUPATION

OF CUBA. Havana, Oct. 28.—Captain-General Bianco has been instructed by the Minister of War, General Correa, to pay to each discharged soldler remaining in Cuba the sum of \$24.

The joint Military Commissions met at 10 o'clock this morning to discuss the matters touched upon in the notes recently exchanged between them.

The North American Trust Company, the United States fiscal agents here, have rented a three-story

selected, can be easily reached by road. The camp sites will accommodate from 12,000 to 15,000 troops. Six million feet of lumber has been ordered, and each tent will be floored. Warehouses will be put up, as well as shops and all necessary outhouse and arrangements will be made for a sufficient water supply by pipe line. The proposed Guana-bacoa site will be abandoned for the present, though the latter will be utilized as a permanent camp when Havana Bay has been dredged and rendered safe for landing troops. In the mean time Playa de Marianao will be used exclusively for troops, supplies and materials. Some of the engineers who are responsible for the construction of the landing facilities consider the Marianao selection ill-advised, on the ground that it is too open toward the sea, which at the present time of the year is lashed to fury by the repeated northers, which wash away the piers. These objectors prefer a landing at the mouth of the Almendares River. Yesterday afternoon two notes were delivered to the American Commissioners by the Spaniards, one giving a full list of the names of the nanigos, who remain under detention until both Commissioners and decide what to do with them, and the other answering a question asked by the Americans regarding mines in the harbor. In the latter note the Spaniards say that on the day the protocol was signed all the mines at the narbor entrance were removed. They assert also that there never were any others. amp when Havana Bay has been dredged and were any others.

TROLLEY LINE OPENING CELEBRATED. The opening of the Eighth-ave, trolley line was

celebrated last night by the West Side improve-ment Association. Twenty-five electric cars were run over the line, and music and fireworks told the citizens of that part of the city that rapid transit had at last come. The start was made from Fourteenth-st, at 8:30 o'clock. There were several thousand people on hand to cheer when the cars started. In the first car was a band, a number started. In the first car was a land, a number of members of the 9th Regiment, James W. Boyle, Alderman Keahon, Assemblyman Maher, Assistant District-Attorney McClelland, Coroner Hart and Commissioner Keiler, of the Department of Charities. The remaining cars were crowded to their atmost capacity. The cars bere canvas banners, among them one with the inscription, "Congratulations to Chizens of the West Side."

The run downtown was also marked with plenty of breworks and muste by the band. At Seventeenth-St, the men in the cars got out and attended an open-air meeting.

EDWARD R. POWERS.

Edward R. Powers, superintendent of the New-York Cotton Exchange, died from pneumonia on Thursday night at his home, No. 138 West Twentyfirst-st. He had been in poor health for many months, but was at his desk in the Exchange as

recently as Monday of this week. Mr. Powers was born on March 31, 1842. His early years were spent in Boston, from which city he came to New-York about 1865. His first service here was s market reporter for "The Journal of Commerce," which post he resigned about twenty-five years ago to become superintendent of the Cotton Exchange, succeeding B. F. Voorbees, who was the first superintendent. Mr. Powers was for years a member of the 12th Regiment, of watch he was at the 12th Regiment, of wastermaster, and he saw service with the regiment in the Buffalo railroad strike and the Brooklyn trolley strike. He was a member of the New-York Club and of Globe Lodge, F. and A. M. He was unmarried. The surviving members of his family are his mother, a saster and

members of his family are his mother, a sister and two brothers.

Mr. Powers was exceedingly popular among the members of the Cotton Exchange, and had a wild acquaintance among cotton men throughout the country. Telegrams of sympathy from the New-Orleans and Galveston Cotton exchanges and the Liverpool Cotton Association were posted yesterday upon the bulletin-board of the local Exchange. A meeting of members of the New-York Exchange will be held at 12:30 o'clock this afternoon to take action on the death of Mr. Powers. J. Lloyd Abbot will act as superintendent until the election of a successor to Mr. Powers. The burial will be in Boston.

HENRY W. DOMETT.

Henry W. Domett, who died on Thursday at Sharon, Conn., was well known in literary circles in this city. Mr. Domett was a member of an old Boston family. He was an author of some repute, a finished essayist, and had spent many years abroad in study in the art centres of the World. For a number of years he was the art eritic of "The Mail and Express,"

Mr. Domett was one of the oldest members of Mr. Domett was one of the oldest members of the Century Club. He had been in feeble health for a long time, and last June he went to Sharon in the hope that the quiet of the country would prove beneficial to him. The hope, however, was not realized. The immediate cause of death was heart disease. He leaves a widow. The funeral will be held to-morrow afternoon at 120 o'clock at the home of Charles A. Sheldon, No. 130 Sherman-ave., New-Haven.

H. HENRY RADER.

H. Henry Rader died on Thursday at his home, No. 21 West Fiftieth-st., after a long illness. Mr. Rader, who had been an invalid for a number of years, was a deacon of the Presbyterian Church, in University Place, and was prominently wentified with the work of that church. He was forty-sight years old, and unmarried. The funeral will be held to-day at 10 o'clock, at the Presbyterian Church, University Place and Tenth-st.

THANKSGIVING PROCLAMATION.

THURSDAY, NOVEMBER 24, APPOINTED BY THE PRESIDENT.

Washington, Oct. 28.-The President, after the Cabinet meeting to-day, issued the following Thanksgiving proclamation:
By the President of the United States.

A PROCLAMATION.

A PROCLAMATION.

The approaching November brings to mind the costom of our ancestors, ballowed by time and rooted in our most sarred traditions, of giving thanks to Almighty God for all the blessings He has vouchsafed to us during the past year.

Few years in our history have afforded such cause for thanksgiving as this. We have been been so that the processed by abundant harvests, our trade and commerce have been wonderfully increased, our public credit has been improved and strengthened, all ections of our common country have been brought ogether and knitted into closer bonds of National ampose and unity.

States fiscal agents here, have rented a three-story building at No. 85 Havana-st., corner of Lamparilla-st. The trust company will open a bank there at once.

A party of engineers, under the command of Captain Crawford, went to Marianao this morning at daybreak. The party will attempt the construction of a landing place on the beach there, the weather having changed, thus permitting the work to be undertaken. It will be successfully carried out unless a fresh norther blows before its completion. Cuban soldiers belonging to General Menocal's division, stationed at Marianao, will be hired to do the work.

The board of Army officers appointed to select camps and landing places for the United States troops has definitely selected one site for a campeast and the other west of the Vento Aqueduct, close to the springs. The landing place selected, Playa do Marianao, six miles from the camp sites rpose and unity. The skies have been for a time darkened by the

ontinued in the years to come.

JUDGE'S ANSWER TO CHARGES.

MALICIOUS STORIES.

Cieveland, Ohlo, Oct. 28.-As a result of a story which has been circulated in the last two or three days to the effect that Judge F. A. Dellenbaugh, of the Common Pleas Court, had received half of an attorney's fees in a big divorce case tried before him, the Judge to-day made a sensational statement from the bench. At the opening of court the Judge arose and said:

"I wish to beg the pardon of attorneys and litt- Portraits. gants for being a little tardy this morning. I have been delayed by reason of certain stories—les—which have been circulated against me. Attorney Vernon Burke is the instigator of these stories and Judge Lamson of this court has been the conduit through which they were given publicity. I will only say now that a bar meeting will determine which of these men, Burke or Lamson, is the most

malicious Har.

Burke is a State Senator and a well-known lawter. He was the leader in the opposition to the
election of M. A. Hanna for United States Senator
in the State Legislature last winter. Judge Lamson
s one of the Common Pleas Judges, Judge Dellenaugh is an intimate friend of Senator Hanna.
